WORK EXPERIENCE

Software Engineer

AutoForm [01/06/2024 – Current]

City: Enschede | **Country:** Netherlands

- Singlehandedly responsible for the further development and maintenance of the TriboForm Analyzer, a C# application.
- Provided technical support and collaboration with the application team for the development and maintenance of a plugin written in C, ensuring seamless integration and functionality.
- Contributed to enhancing application performance, addressing technical challenges, and implementing new features aligned with project requirements.
- Actively involved in continuous development cycles, including planning, coding, testing, and deploying new features, as well as addressing bugs.
- Used version control systems and participated in code reviews to maintain code quality and consistency.
- Documented development processes and application updates to streamline future maintenance and onboarding of team members.
